BUFFALO BILL

Picturesque American, Yields to Death—Pioneer and Scout, Idol of Boys of Nation, Meets Grim Reaper.

Denver, Col., January 10.—William F. Cody (Buffalo Bill), died at noon today at the home of his sister, Mrs. May Cody Decker, of this city, where for weeks he lay critically ill, fighting the hardest battle of his life. Weeks ago friends despaired of his recovery from a complication of diseases. He rallied to the extent that he could be moved to Glenwood Springs for his health, but a relapse occurred and he was brought back to Denver, where he died. He was 68 years of age. His death was the immediate cause of Colonel Cody's death. Dr. East stated

Old Associate at Bedside
All of Colonel Cody's relatives and several friends and old-time associates were at the bedside when he died. Two days before his death Cody knew the end was only a matter of hours. But the grim old pioneer, schooled to fortitude, never wavered. Cheerfully he discussed his coming death with relatives. He even made plans for his funeral and insisted on playing cards with his sister.

He met death as he met life—squarely and without flinching. The most romantic figure left over from the thrilling days of Indian fights and clashes with white renegades—a figure at once the ideal and despair of every red-blooded boy in America; rem-

nant of an organization that once roamed the plains of the West, disappeared with the death of Buffalo Bill.

Colonel Cody was born February 26, 1846, in Scott county, Iowa. To add her measure of appreciation of what the West owed him, the state of Colorado will receive the body of Colonel William F. Cody (Buffalo Bill), who died here today, into her capital Sunday, there to lie in state for four hours.

Funeral services for the noted scout are to be held Sunday afternoon, when the body will be placed in a receiving vault in a local cemetery, but the burial will not take place until next spring, probably Decoration Day, when the body of one of the nation's most picturesque characters will be interred in a tomb hewn from the rock at the top of Lookout Mountain, near this city. Plans already are afoot for the erection of a suitable monument at this final resting place.

HOW KENTUCKY'S SENATORS VOTED

In the vote in the Senate of the National Congress on Tuesday in regard to the making of the District of Columbia prohibition territory and which was passed by a large vote Senator J. C. W. Beckham of this state voted yes and Senator Ollie James voted against the bill.

Mrs. Myrtle Kleeman, representing the Butterick Publishing Co., will be at our store Thursday, Friday and Saturday to take subscriptions to "The Delineator" at a very interesting price. MERZ BROS.

MARKET CROWDED

To Capacity With the Tobacco That Has Been Coming In to Be Sold at the Various Houses—Only Three Houses Reported Yesterday's Sales.

Only three houses reported sales yesterday, the Peoples, Liberty and Amazon. These three houses sold a total of 343,460 pounds of tobacco however. Blocked sales were reported from the Home and Independent-Central houses and neither the Growers or Farmers and Planters houses sold at all.

The presence of two buyers for the Export Tobacco Co. on the market is causing quite a lively competition and there is indication that the prices will remain at the same level and probably go higher. Tobacco is selling almost a cent higher on the pound than at the beginning of the market, notwithstanding the great amount of the weed being brought in.

The high price reported on yesterday was \$48, being sold at the Liberty house. This is the second highest price of the season. The low price for the day was \$9. The following were the sales:

WILL GO TO PARIS

The basketball team of the Maysville High School will go to Paris on Friday night to engage in a game with the team of the high school at that place. The local team has only lost one game with a foreign team. This is their first journey to a Central Kentucky town and they are hoping to return victorious. Several students of the High School will accompany the team and help them bring home the bacon.

Secretary Thomas P. Boone left yesterday afternoon on a two days' trip in Indiana looking over various applicants for the position of Secretary of Chamber of Commerce. Mr. Boone will soon leave for his new position with the Henderson, Ky., Board of Trade, and the Board of Directors of the local organization are very anxious to secure a man for the position before the departure of Mr. Boone.

MRS. LUCIE FRAZEE

Mrs. Lucie Frazee died at her home in Lexington on Tuesday night. She was the widow of the late D. F. Frazee. She is survived by three sisters and two brothers, Mrs. C. F. Darnell of Millersburg, Miss S. A. Frazee of Dover, Mrs. Blanch King of Lexington, Dr. Robertson of Middlesboro, Ky., and Clarence Robertson of Augusta. Mrs. R. G. Humlong of Germantown is a niece of Mrs. Frazee.

OFFICIALS PASSED THROUGH

President George W. Stevens of the C. & O. Railway passed through this city this morning at 9:35 o'clock accompanied by a number of the directors of the company and other officials. The members of the party were returning to Richmond, Va., following an inspection trip over the various divisions of the railroad. The party was in three private cars, attached to fast train No. 6.

HAS BEEN IN CITY

Mr. Harry Grimsley of Gaffin, Ga., has been in this city for the past few days to interview the members of the Board of Directors of the Maysville Chamber of Commerce in regard to securing the position of secretary of that organization. Mr. Grimsley is a young man and seems to be very full of vim and life. However, the Board has made no selection in the matter as yet.

COUNTY COURT

In the Mason County Court yesterday Thomas W. Breen qualified as executor of Patrick H. Breen, deceased, without bond as requested in the will of said decedent.

FILES SUIT

In the Mason Circuit Court yesterday D. Hechinger & Co. filed suit against George Snedegar for \$139.20. The plaintiff is represented by Hon. J. M. Collins.

Attorney M. J. Hennessey with his son, Thomas R., were visitors in this city Wednesday.

BURNED CHURCH

Near Springdale on the Night of December 30 is the Charge Placed Against Robert Crawford of Lewis County Who Was Arrested Yesterday.

Last night about ten o'clock Robert Crawford of Lewis county was brought to this city and lodged in jail charged with having burned Bethany Church, about 1 and one half miles south of Springdale on the night of December 30. He will be given a hearing later. At the time of the burning of the church it was thought by a great number of persons living in that neighborhood that it had been burned intentionally. Through the efforts of Mr. C. B. Wilson bloodhounds were brought from Lexington to see if they could follow a trail of any kind. Leading from where the door of the burned church had stood, the dogs trailed some one to the center of the road by the church and could go no further. The supposition was that the guilty party had been in a buggy. Later Deputy State Fire Marshall Thomas Helm of Lexington was then called to the scene of the fire and after being in the vicinity for several days he at last struck a clue as to the ones that had started the fire.

Yesterday in company with Detective Thomas Stewart of this city, Constable Gus Tolle of Orangeburg and Sheriff Applegate of Lewis county and armed with warrants issued both in Lewis and Mason county they went to the home of Robert Crawford just over the Lewis county line and there arrested him, later bringing him to this city.

Implicated with Crawford is Wesley Osborne who is in jail in this city, following seven indictments by the recent Mason County Grand Jury for bootlegging. The Ladies' Aid Society of the burned church were instrumental in causing Osborne's arrest and he and Crawford planned to get even by burning the building. They had lived together.

Mr. Helm was in the vicinity of the fire only a short time and he was soon able to locate the criminal. He has been engaged in similar work many times before and he is usually fortunate in capturing criminals. An effort is being made by the members of the church to get enough money to have it rebuilt as soon as possible. A subscription list is being secured and many have already donated to the cause.

OPENS OFFICE

In today's issue of the Ledger will be found a very interesting advertisement regard to the opening of the offices of Dr. Roy Glehls of Cincinnati as a chiropractor. Mr. Glehls is the first gentleman practicing chiropractic to open an office in this city.

Chiropractic nerve science is a system employed by doctors of chiropractic in removing obstructions to the progress of nature without the use of drugs. It is a comparatively new science but is rapidly gaining in popularity.

WILL PREACH SUNDAY

Rev. E. L. Wilson of Lexington, Ky., will fill the pulpit at the Central Presbyterian Church on next Sunday at both the morning and evening services. This is the first regular preaching services to be held in that church since the departure of Rev. H. Kerr Taylor. Mr. Wilson is regarded as an able speaker and will doubtless attract many.

Clothes Talks.

As has been our custom during this month for many years, we are making generous concessions on all merchandise rather than carry it over. Of course, this may seem rather phenomenal this season, in face of soaring prices and the uncertain condition of the woolen market, yet we are going to adhere to our old custom, and give you the opportunity to supply your wants from our dependable merchandise at reduced prices.

Now is the time to get a good suit or overcoat—one that you can wear the rest of the season and have perfectly good for next. And let us give you another tip: We may not be able to guarantee the merchandise next season like we do this. So in face of all these conditions we advise that you buy now, as we offer such generous reductions.

Bargains in children's suits.

Coats Resembling Fur in Everything But Price

We have sold a large number of Coats made of handsome pile fabrics, and we account for this by the fact our values are, beyond a doubt, unexcelled in this city. It is a matter of daily occurrence to have women return to this store, after having seen coats elsewhere at the same prices, and tell us it is to their advantage to buy here. These Coats resemble Fur Coats in texture and appearance, and are made in the same styles. Prices are now reduced to \$22.50, \$25.00, \$29.00.

THE DAILY PUBLIC LEDGER

Local and Long Distance Telephone No. 40. Office—Public Ledger Building

Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

THE OTHER SIDE OF IT

The tail can't wag the dog; the dog must wag the tail. Eighty-five per cent of the country's railway transportation is of an interstate character, subject to Federal jurisdiction. Why not let the 85 per cent dog wag the 15 per cent tail of local trade by establishing national control over all roads that cross State lines?

Operating railway officials have long complained of the annoyance and decreased efficiency due to the conflicting jurisdictions of forty-eight States, making, with the Federal authority, forty-nine different masters. Public opinion now strongly trends in favor of one master, and to this end the national incorporation of the transportation companies.

Although the congressional committee that for more than two weeks has been investigating the broad question of government regulation and control of all common carriers was authorized before the threatened strike of the railway brotherhoods, its inquiry has an important bearing upon the problem created by that menace and the enactment of the Adamson so-called "Eight-hour law." The committee has been assured by competent witnesses that the only alternative to centralized regulation and control of the railways is government ownership and operation.

The American people have well founded and positive conviction that in respect of economy and efficiency of management the private operation of the lines under proper regulation is infinitely better than the absolute ownership and operation by the government—even, if the financial and other problems preliminary to their purchase could be solved. Unified regulation and control, not Federal ownership, is needed.—New York Herald.

FRENCH TRADE EFFICIENCY

Some one has said that France has been "bled white." But she is still full of "pep", and the Democratic tariff law keeps her going sufficiently to hang on to the American market. Our imports from France for the first ten months of the present year were just about one million dollars greater than during the first 10 months of 1914 and \$33,000,000 greater than for the same period last year, and yet that gritty little nation is mixed up in the European scrap from line bucking to savotte. If France can send us \$92,000,000 worth of products in ten months on international rough-housing, what can she not do to our market, under the present tariff policy, during peace, and with a war-disciplined army of mill workers?

PREPARE FOR THE STRUGGLE

The work of universal military training should not be postponed a single day beyond the time necessary to pass a bill through Congress for its establishment. If we are ever to have real war dangers they are more likely to come within the next two or three years than at any time in the future beyond that period.

The time may come when the world will cease from war, but there is no sign of it at present. The war god is rampant.

The struggle of civilization against barbarism, of democracy against autocracy is on, and on to the finish.

It has been discovered that our great storage houses are crammed with food, held by speculators to force up prices. It has been discovered that hundreds of acres of vegetables in New Jersey have rotted in the fields because it didn't pay the farmers and gardeners to ship their produce to the adjacent market at the prices middlemen offered them. In Oregon, Michigan, West Virginia, Pennsylvania and other states apples have been left to spoil in the orchards for the same reason. Louisiana potato growers have been forced likewise to let their crops rot, while consumers in the north were starving for potatoes. There is an embargo on food, and one that the state and federal governments should deal with promptly and drastically.—Meriden Record.

Science of the Nerves

Perhaps you have never heard of Chiropractic, although this drugless system of restoring health is now 21 years old. Well, here are a few facts concerning it:

First: Chiropractic is a complete, scientific system for aiding nature, by spinal adjustments, to restore lost health without the use of drugs or the knife.

Second: No matter what organ may be affected, the skillful Chiropractor, by adjustment of the proper vertebrae, aids nature to remedy the affection.

Third: Chiropractic is unlike any other method for regaining lost health. There are a number of Chiropractic Colleges in the United States teaching the "Science of the Nerves." Ask for booklet.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. EVIDENCE NARROWS LEWIS IN MODEL MURDER

Philadelphia, January 9.—Proof that Bernard W. Lewis, Pittsburg society man and heir of millions, murdered Mazie Colbert, whose battered body was found eleven days ago, is virtually at hand, according to police statements this afternoon. Detectives have established, according to the announcement, that three-quarters of an hour after Miss Colbert was last heard from a man identified as Lewis walked into a haberdashery store and purchased new linen.

A friend spoke to the model over the telephone on Friday morning. That was the last time she was heard from, and the murder is supposed to have occurred shortly after that.

Sufficient time elapsed, detectives said, after the telephone call for Lewis to have killed the girl and gone to the store. According to the description of Edgar Bass, salesman, the man had his coat collar turned up and was in great haste. He bought a suit case, shirt, collar and necktie. A blood-stained collar and shirt and a rumpled tie were found in Miss Colbert's apartments. The suit case Bass sold her identified as one found in the hotel Adelphi. It had been left by a man supposed to be Lewis.

Friends claim Lewis was in the store—if Bass' identification was correct—before Miss Colbert was murdered.

AWARDS ARE CANCELED

Long Branch, Cal., January 9.—Awards or construction of three coast defense submarines given the California Shipbuilding Company have been canceled by the Navy Department, the company announced today. The reason for cancellation was not stated. The announcement carried an extract of a letter from a union labor leader at Washington and stated that the plant still was picketed as a result of a union labor strike May 1, 1916.

SILENT SENTINELS TO HAUNT WILSON IN SUFFRAGE FIGHT

Washington, January 9.—Woman suffragists, after another futile appeal to President Wilson today for his support of the Susan B. Anthony amendment, announced plans for retaliation by picketing the White House grounds with "silent sentinels." Their purpose is to make it impossible for the President to enter or leave the White House without encountering a sentinel bearing some device pleading the suffrage cause.

The move was acknowledged to be a step in the new policy of mild militancy, which began with the coup in the House gallery on December 6, when a party of suffragists unfurled a Votes for Women banner while the President was making his opening address.

What the White House authorities will do about the pickets the suffragists intend to leave for development. After the women had their audience today they returned to headquarters of the Congressional Union, formed their new plans and held a meeting, pledging \$3,000 for the "silent sentinel" campaign.

Headed by Miss Maud Younger and Mrs. Sara Bard Field, 300 suffragists from the Congressional Union went to see the President, ostensibly to present memorials on the death of Mrs. Inez Milholland Boissevain. Because of the affair in the House gallery in December, there was some difficulty in arranging the audience, but the President consented to receive the women. When they made it the occasion to renew their pleas that he support the suffrage amendment, the President expressed his surprise, reminded the spokesmen of the party that he had not been apprised of their full purpose and was not prepared to say any more than he had on previous occasions. He repeated that as the leader of his party could not commit it to action it had not endorsed. The President added he could not understand why women failed to realize that the Democratic party had done more for suffrage than the Republicans.

BATTLESHIP ARKANSAS WILL MISS FLEET MANEUVERS

Norfolk, Va., January 9.—The battleship Arkansas, en route here from New York to join the fleet gathering for winter maneuvers at Guantanamo, limped into Hampton Roads today, disabled as a result of splitting one of her turbine engines. The ship will not be able to sail south with the fleet and is expected to be ordered to the navy yard here for engine repairs. Rear Admiral Rodgers, commander of the Seventh division of the fleet, because of the accident will transfer his flag to the Florida. The Utah and Nevada sailed for the Southern drill ground today.

URGES PROHIBITION LAW

Salt Lake City, Utah, January 9.—Governor Simon Mamberger at noon today delivered his message to the twelfth Utah Legislature. He declared the most urgent legislation to be considered by the Assembly was the enactment of a prohibition law. He also asked for a public utilities board that would have full control of rates charged by all public service corporations.

ENDORSED AT HOME

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellowcitizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Frank Taylor, Prop. barber shop, 401 E. Second St., Maysville, says: "A few months ago, I had a slight attack of kidney trouble and my kidneys were irregular in action. The kidney secretions were too frequent in passage and then again, were scanty and highly colored. I had a dull, steady ache through the small of my back and my back was weak. Four boxes of Doan's Kidney Pills, which I got at Chanslor's Drug Store, cured me of the complaint."

Mr. Taylor is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

PROBE OF "LEAK" TO BE DROPPED, IS INDICATION

Washington, January 9.—Although Thomas W. Lawson promised today to disclose "names and amounts" involving men high in official life if Congress ordered an inquiry into the alleged leak in advance of President Wilson's peace note, there were indications tonight that the House Rules Committee was about to drop its hearings on the Wood resolution for such an investigation and return the resolution to the House with an adverse report.

Democratic members of the Committee freely expressed their willingness over the proceedings of the last few days, and their conviction, not only that nothing to warrant further inquiry had been brought out so far but that Mr. Lawson knew nothing to substantiate his sweeping charges.

Lawson Defies Committee
Mr. Lawson continued today to defy the committee, refusing over and over again to give the names of the men he said he had been told profited by the "leak" after suggesting that he could name an official higher up than any yet mentioned. Four motions to cite him before the bar of the House for contempt, pending when he left the witness stand early in the day, were considered by the committee in executive session. No decision was reached but some of the members indicated later that Mr. Lawson probably would not be recalled, and that if it was determined to report the Wood resolution unfavorably, the contempt charges would be forgotten. In the meantime, the financier remained in Washington, subject to the committee's orders.

The hearings will continue throughout tomorrow at least, to give several of the men mentioned in the various reports and rumors related before the committee an opportunity to make statements.

FINAL MEXICAN-AMERICAN BODY MEETING PLANNED

Washington, January 9.—What is expected to be the final meeting of the Mexican-American joint commission will be held Saturday or Monday. Plans for the meeting were made today by Secretary Lane, acting for the American members, and Alberto J. Pani, representing the Mexicans, when Mr. Pani delivered a letter acknowledging the receipt of American replies to General Carranza's latest refusal to ratify the protocol signed at Atlantic City.

Mr. Pani and Secretary Lane agreed that further negotiations by the commissioners were useless, although care had been exercised by the Mexicans writing the letter to the American commissioners to avoid any such admission.

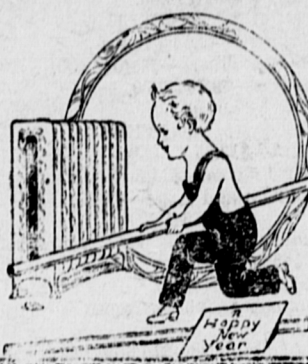

Mr. Pani expressed the desire of the Mexicans for one more meeting, at which he indicated his colleagues would ask for a continuation of the conference.

There was another report late today of an agreement on a date for the withdrawal of American troops from Mexico, but it was denied by Secretary Lane and at the State Department it was said the administration had arrived at no decision regarding the withdrawal of troops or the sending to Mexico of Ambassador Fletcher.

THE UNIVERSAL CAR

Announcement

The company is many thousands of cars behind their orders. The railroads are unable to deliver rapidly enough on account of shortage of freight cars. On account of these conditions, which are the worst I have ever had to contend with since being in the automobile business, the company will ship cars to a dealer unless he has orders for the cars signed by customers who are waiting for cars.

The tremendous demand will continue throughout the winter in the south and southwest, and the shortage in this part of the country in the spring will be the greatest ever known.

I have already sold and delivered one-half of all the cars I contracted for the 1917 season. I have orders on file for 25% of all the cars the company will ship me between now and August 1st. The man who waits till spring to place his order for a Ford will not get his car till mid-summer or next fall. Therefore, if you want a Ford car this year, place your order now and take the car as soon as I can deliver. Don't wait.

A Suggestion

Tobacco Growers

Nothing, in our opinion, is so liable to seriously effect the present satisfactory prices of Tobacco as the over crowding of the market.

Our advice to you is, bring each wagon load to market just as soon as you get it ready. Don't delay until you get your whole crop, or the most of it stripped. To do so will be a mistake.

A steady market is always better than a glutted one. Don't get too much here at once. As our house is the largest, we are helped most by a rush; but, we know that what is not good for you is not, in the long run, good for us.

We Are For What Helps Everybody Most

That is the reason we so carefully sort and handle each crop of Tobacco before offering it for sale.

Bring each load, as soon as ready, to the

HOME

And you will go home satisfied, for we will make it bring you the TOP OF THE MARKET.

Appeal to Reason

Ask any of the great army of Postum users what influenced them to try this beverage, and the reply nine times out of ten will be that they were convinced the caffeine and tannin in tea and coffee were harmful to health.

Some imagine it is hard to give up coffee and tea. But it isn't, with the delightful aroma and flavor of Postum at hand. This flavor somewhat resembles that of high-grade Java coffee, but there is no coffee in Postum—only the nourishing goodness of wheat, skillfully processed with a small per cent of wholesome molasses.

Postum comes in two forms: Postum Cereal, which has to be boiled; Instant Postum—soluble—made in the cup, instantly. Some prefer one, some the other. Made right, they are alike delicious, and the cost per cup is about the same. There's better health, comfort and efficiency in

"SILENT PICKETS" MAINTAIN VIGIL

Washington, January 10.—Twelve women with suffrage banners stood at the main gate of the White House grounds today, inaugurating what leaders of the Congressional Union for Women's Suffrage call mildly militant "silent picketing" to force the cause upon President Wilson's attentions.

"Pickets" were at two entrances from 10 o'clock this morning until dark, tired ones being relieved from time to time, and tonight it was announced that other gates would be guarded tomorrow and daily until March 4, when the suffragists plan to bring their campaign for a federal amendment to a close with a wig parade.

The women, wearing yellow, purple and white ribbons across their chests stood on each side of the gates, over each of which was held a banner inscribed "Mr. President, what will you do for woman suffrage?"

White House officials and the city police made no effort to interfere and it was said that as long as the women created no disorder no official attention would be paid to them.

The President himself passed the "pickets" only once, and then was not recognized by the women. Mrs. Wilson passed in and out several times.

Although 6 o'clock was the hour set for the end of the vigil when darkness fell the tired women gave up the task at 5:30 o'clock and marched back to headquarters with banners flying.

According to the Union officials the number of pickets will be increased from day to day. Various states will have charge of the work on different days, it was said. Colleges, organizations and professions also will be represented.

WEDDED AT GEORGETOWN

(Ripley Bee)

Mr. George Cooper, of Huntington township, Brown county, Ohio, and Miss Virginia Hutchinson, of Aberdeen, were married at Georgetown Monday. The bride is the daughter of Mr. and Mrs. M. C. Hutchinson of Aberdeen, who for some time past has been the very able assistant at the postoffice at that place and has made many friends while in this position. Mr. Cooper is the oldest son of Mr. and Mrs. Joseph Cooper and is a young man of noble traits and a prosperous farmer.

Mr. and Mrs. Cooper will go to housekeeping on his father's farm. The many friends of the happy couple are extending congratulations and best wishes.

BLOWED ITSELF

The whistle valve of the locomotive pulling train No. 17, on the C. & O. this morning got "fast" while the train was passing this city and Manchester and the engineer was compelled to let it blow until it reached here, where it kicked up a commotion up town, people thinking something dreadful was happening, and business was suspended on account of the "rubbering," all trying to find out what the blowing was about.

VISITS SCHOOL

Dr. E. P. Blackberry of Bowling Green, a member of the State Board of Health, yesterday visited the First District School building with Superintendent Caplinger. Dr. Blackberry was greatly pleased with the school, which he said was the best lighted and well ventilated school in the city. He was loud in his praise of this school.

SOME CHANGE

The winds of Boreas blew merrily this morning and the thermometer showed a decided drop in the past 24 hours. Snow fell a larger part of the night although most of it melted as fast as it fell until the ground became frozen. This sudden cold spell will cause the river to drop much more rapidly.

THAW AND AID EVADE POLICE

New York, January 10.—The whereabouts of Harry K. Thaw, indicted here on a charge of kidnapping and assaulting Fred Gump, Jr., 19 years old, of Kansas City, Mo., remained a mystery today to the District Attorney and his corps of detectives, who have been searching for him, although directly or indirectly the police of all cities have received notice that he is wanted here.

Officially the belief was expressed at the Prosecutor's office that Thaw had made his way to his home in Pittsburgh, and there, under protection of his family, undoubtedly was being advised by competent counsel as to what course to pursue.

Thaw's escape was examined by the fact, the authorities said, that since he was so well known they gave their chief attention to arresting the man known to them as George O'Byrnes, indicted jointly with Thaw on the kidnapping count. While waiting an opportunity to catch O'Byrnes, Thaw escaped.

Shortly afterward a man answering the description of the Gump boy had given of Thaw's companion appeared at Thaw's Philadelphia hotel and was arrested on the assumption that he was O'Byrnes. He proved, however, to be Oliver Brower, formerly of Utica, N. Y., also associated with Thaw, but against whom there was no indictment.

Although the arrest of Brower was at first a disappointment, the District Attorney's men say they found him valuable in developing their case. A number of documents and letters having an important bearing on Thaw's relations with Brower's possession, and some of this evidence was presented today before the grand jury. It was expected that another indictment might result.

Brower's movements were traced and it was found that subsequent to the alleged assault on Gump he had gone to a New York hotel. A suitcase left there by Brower, having the letter "T" on it, was seized by the District Attorney.

RAILROADS' PROBLEM ALSO PEOPLE'S, SAYS TRUMBULL

Louisville, Ky., January 10.—Frank Trumbull, chairman of the railway executives advisory committee and chairman of the board of directors of the Chesapeake & Ohio railway committee, at the annual dinner of the Louisville Transportation Club tonight, appealed for the co-operation of the American people on solving economic problems confronting the railroads.

"The have," he said, "the opportunity to accomplish the most important piece of constructive work since the passage of the federal reserve banking act."

He asserted the greatest economic problems the country faces, is its transportation problem, the solution of which "will require the intelligent and unselfish co-operation of all the many interests involved."

He declared it was the people's problem "just as vitally" as it was the railroads' problem, and that the previous policy of the public of considering the railroads as something "from which they might property wring the last possible cost, have had but one effect which today is glaringly apparent."

RIPLEY FAIR COMPANY

The stockholders of the Ripley Fair Company met Monday night and elected all stockholders as directors. The Board organized by electing: J. C. Newcomb, President; J. R. Stivers and Chambers Baird, Vice Presidents; L. V. Williams, Secretary; H. C. Baird, Treasurer.

The dates for the fair were set for August 7, 8, 9 and 10, 1917.

STEP-GRANDMOTHER DIES

Miss Sue Settle, teacher in the High School building of the Maysville Public Schools has been apprised of the death of her step-grandmother, Mrs. Mary Winifred Settle at her home in Louisville.
